

## **Fixed Asset Consulting, LLC adds Real Asset Management's Series4000 to their product offerings**

*Fixed Asset Consulting, LLC partners with Real Asset Management to deliver best-of-breed fixed asset solutions to clients.*

Fixed Asset Consulting, LLC, a specialized consulting firm, has partnered with Real Asset Management (RAM) to deliver a wider selection of [fixed asset management software](#) options to their client base. Fixed Asset Consulting works with companies and organizations to streamline and organize their fixed assets through quality outsourcing and other fixed asset management services including project management and consulting on physical asset inventories, data reconciliation, and automated depreciation software selection. In an effort to provide their client base with the top [fixed asset software](#) products on the market, Fixed Asset Consulting is bringing on Real Asset Management's Series4000 product suite to complement their existing product offerings.

Fixed Asset Consulting's CEO and Senior Fixed Asset Consultant, Angie Bolton-Lyons, has worked in the fixed asset consulting and technology solutions space for 20 years and is thrilled to be able to offer RAM's complete fixed asset solution. According to Bolton-Lyons, [Fixed Asset Consulting](#) is "excited to bring the fixed asset solutions from Real Asset Management into our portfolio. This will allow us to provide additional system selections to our clients based on their internal needs and fixed asset requirements, filling in the gap where other solutions fall short."

RAM is a leading provider of fixed asset management solutions with over 3,000 clients in more than 70 countries, serving both the public and private sectors. RAM's market-leading Series4000 range integrates virtually every aspect of fixed asset management, incorporating depreciation, federal and state tax, asset budgeting and forecasting, lease accounting, capital project control, asset tracking utilizing both barcode and/or RFID scanning technology, and maintenance management.
